INDEPENDENT AUDITOR'S REPORT TO THE SENATE MEMBERS OF KATHMANDU UNIVERSITY.

#### Report on the Financial Statements

We have audited the accompanying financial statements of M/S Kathmandu University (herein after called University), which comprise the Balance Sheet as at Ashadh 31, 2074 corresponding to July 15, 2017 and the Income Statement, Statement of Changes in Net Assets and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and notes to accounts.

## Management's Responsibility for the Financial Statements

Management of the University is responsible for the preparation and the presentation of these financial statements and for such internal control as management determines necessary to enable the preparation of the financial statements that are free from material mis-statement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Nepal Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's Judgment, including the assessment of the risks of material mis-statement of the financial statements whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion on the Financial Statements

In our opinion and to the best of our information and according to the explanations given to us, the said financial statements referred to above, read together with the notes attached thereto give a true and fair view of the financial position of the University as of Ashadh 31, 2074 (July 15, 2017), and of the results of its financial performances and its cash flows for the year then ended in accordance with Nepal Accounting Standards in so far as applicable in compliance with the prevailing legislations.
